

Total Door Opening Solutions

Each Total Opening Solution Door Hardware Kit Includes:

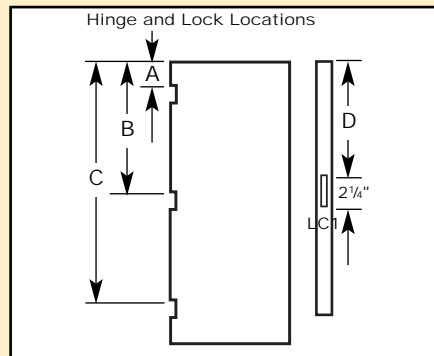

Total Opening Solutions are hollow steel and wood doors with all the hardware preassembled to the door for quick selection and installation. Frames are sold separately. Carefully check hinge and lock locations on doors and frames before purchasing to assure proper first-time installation.

Each door and hardware kit contains the following preassembled hardware: door, hinges, door closer, and lockset or exit device with trim.

The variations within each solution are as follows:

- Right or Left Hand (RH/LH) and Right or Left Hand Reverse (RHR/LHR)
- CEKO (CE), Curries (CU), or Steelcraft (ST) hinge and lock locations
- 36"W x 80 or 84"H doors

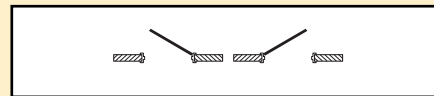

Frame Handing - Select the proper handing.

Right Hand (RH) - Hinges are on the right, door is pushed in.

Left Hand (LH) - Hinges are on the left, door is pushed in.

Right Hand Reverse (RHR) - Hinges are on the right, door is pulled away.

Left Hand Reverse (LHR) - Hinges are on the left, door is pulled away.
